The Tindaya complex is situated on the top of a steep hill on the western slope of the Puerto Rico residential area, and the 96 flats that make up the complex are accessed via stairs. It is situated around 800 metres from the beach, but the complex has access to Avenida de Mogán, which reduces the distance to 450 metres, making it very accessible for a stroll.~~The complex is situated in a peaceful setting, ideal for those seeking peace and relaxation. The spectacular views provide the perfect backdrop for unwinding. The complex's upkeep is evident in the well-tended gardens and immaculate communal areas. It features two swimming pools, one for adults (heated in winter) and a smaller one for children.
